marble art

Marble Art art è un omaggio al materiale più classico, arricchito dai segni del passaggio del tempo, di morbide e seducenti sfumature. Le superfici diventano così protagoniste assolute dove un continuum inebriante di linee, chiaroscuri e venature rapiscono i nostri sensi. La gamma di colori Marble Art, è rafforzata da mosaici e decori che giocano tra geometrie e classicismo, tra modernità e inedita poesia.

Allows us to faithfully reproduce and recreate these alterations in the material. Available in three distinct shades, Metal Art offers an original aesthetic finish that is enhanced when accompanied by unique and contemporary decorating elements. An innovative and sophisticated collection that adapts to any stylistic context, for unique spaces and environments that tell the story of our lives.
